# Where on Earth are we going?

And what can we  
do about it?

These are two of the questions that are at the heart of the **Awakening the Dreamer, Changing the Dream** symposium.

The symposium is a profound inquiry into a bold vision: *to bring forth an environmentally sustainable, spiritually fulfilling, and socially just human presence on the planet.*

If you are ready to explore what this vision means for you and your community, and to explore the opportunity to create a sustainable and just future, we invite you to attend.

*"I was not expecting the effect this symposium had on me. I expected to be engaged... but today I feel as if my life is on a different course. This affected me profoundly." -JS, Concord, CA*
