

Flowers Program

Report to the 1U Annual Congregational Meeting – May 19, 2019

Respectfully submitted by Karla Kizzort, Team Lead

The Flowers Program team volunteers have been ensuring floral color and cleverness at the pulpit, in Gore Hall and elsewhere each week.

The team continues to focus on using “home-grown” materials whenever possible rather than greenhouse-grown products. We’ve often incorporated materials grown in the church Community Garden.

Sundays regularly bring compliments on the pulpit adornments from multiple congregation members.

The Christmas decor effort is especially well choreographed and solidly appreciated by the congregation during the month of December.

It appears that the program is beneficial to all concerned.

More team members are needed, however. Invitations to join the team appear weekly in the church e-newsletter, and periodically in the Order of Service.

Should the Board find it interesting and valuable, the flowers team would be happy to put together a Floral Design for the Pulpit workshop to be offered at some point in the upcoming program year.
